WORK OPPORTUNITIES IN IRELAND

Aside from its natural beauty and warm welcome, Ireland is also a thriving business and technology hub. Almost every major global tech company has a presence in Ireland with many making it their European home. Google, Facebook and Microsoft, Apple and Amazon all have a major presence in Ireland, and all are hiring. Beyond tech, nine of the top ten Pharma companies are in Ireland and there are thousands of jobs in retail, hospitality, and healthcare.

DID YOU KNOW?

€13.50 is the minimum hourly wage.

€45,000 per year is the average professional salary in Ireland.

4.6% is the unemployment rate in Ireland, one of the lowest in Europe. (CSO Ireland)

5th place in the IMD 2023 World Digital Competitiveness Ranking, highlighting its strong digital infrastructure.

CAREER SUPPORT FOR STUDENTS IN IRELAND

Many students studying English in Ireland are interested in gaining work experience while living in the country. At ELI Schools we provide **guidance and resources to help students understand the Irish job market and develop the skills needed to search for employment independently.**

Our student support team organises a **range of workshops, information sessions and networking opportunities** designed to help students prepare for the local job market.

These services are designed to help students **develop confidence, improve their CV and understand how recruitment works in Ireland.**

ELI EMPLOYMENT HUB

Throughout the year, ELI Schools offers practical workshops to support students who wish to look for part-time employment while studying.

ELI Schools may organise events or information sessions where students can learn more about the Irish labour market. These may include:

- Career talks or guest speakers
- Information sessions about employment sectors in Ireland
- Student networking opportunities
- Guidance about job fairs and external recruitment events

These activities are designed to **help students better understand employment opportunities available in Ireland and how to approach employers.**

Weekly Induction & CV Workshop

- Bring your CV for feedback

Weekly Help Desk

- Get assistance for general questions and support.

WhatsApp Group

- Join a dedicated WhatsApp group for your city to receive tips to prepare for job interviews and information about where to search for jobs.

Students are welcome to attend these sessions during their course to help them develop job-search skills.

Typical Student Jobs in Ireland

Many students who work while studying English find entry-level positions in sectors such as those listed here.

Opportunities will depend on factors such as **English level, previous experience, availability and local labour market conditions.**

Are Jobs Guaranteed?

The short answer is no, we do not guarantee paid work placements. Guaranteeing jobs places the wrong emphasis on the role of the candidate in securing and maintaining a job. We do guarantee to provide opportunities for employment and to provide the platform for students and employers to meet. Any student who is flexible and has the right attitude may find paid employment in Ireland. It might take 2-3 interviews but students with a positive attitude may find paid work within 4 - 8 weeks.

The Right Expectations

Finding a job in a new country can take time. Students should be prepared to actively search, attend interviews and apply for multiple positions.

Students who are proactive, flexible and motivated generally have the best success in finding part-time work while studying.

Our team is available to provide advice and support throughout the student journey.

Students should be aware that:

- Employment is not part of the English language course.
- ELI Schools does not provide job placement services.
- ELI Schools cannot guarantee employment.
- Securing a job depends on the student's initiative, experience, English level and employer requirements.

Our role is to provide guidance, workshops and information to help students develop the skills needed to search for employment independently.

For students who would like more intensive English tuition we offer the option to include 5 hours Professional English or 5 hours Speaking Fluency to improve communication skills.
