Level 5	English for Academic Purposes / Advanced Discussion 12 weeks

RCIIS LEVELS

We have 7 levels in total, which can be divided into two main paths: **Academic** and **Speaking**. The academic path focuses on all skills (textbook required) and the speaking path aims to improve your speaking, listening and pronunciation.

LEVEL DURATION

Students will be evaluated every 4 weeks. Their overall scores will be based on their attendance, assignments, participation, quizzes, and homework.

In order to pass, students require a score of **75%**.

***EAP Pathway requires a passing score of 70%, plus final exam 6.5 with no individual band lower than 6.0**

***Passing scores could be higher depending on the college and/or program.**

ENGLISH TEST

An English placement test can be taken prior to arrival. This test will be sent via an invitation to the student's email address. Students will be evaluated on their listening, reading, and grammar skills. The score will determine if a speaking test is required. Speaking tests will be done at school on the first day.

RCIIS PATHWAY PROGRAM

Our pathway program starts at Level 1, and gives you access to many of our private college partners. From level five, you will be able to directly enter public college and university partners. This program will give you access to 40+ colleges (see our website).

Why RCIIS?

RCIIS is a 4min walk from Davisville station and is surrounded by a peaceful residential neighborhood. The location of the school is also convenient for homestay students and activities, since we are in the midtown area of Toronto. Check a map of Toronto or explore the area to see its beautiful restaurants and cafes!

RCIIS has received numerous awards for its speaking classes including "Best Speaking School in Toronto" by agents and students. We are very proud of our "learning by doing" motto, which aims to help students improve their speaking skills by immersing them into Canadian culture!

Our teachers are TESOL certified and maintain high academic standards for all students. Our speaking teachers create engaging atmospheres and utilize dynamic materials to maintain engagement and participation in our classes.

Students are asked to come to class every day, as well as participate and hand in their homework on time. Our **ENGLISH ONLY** policy helps students improve their vocabulary as well as their social skills allowing them to be better prepared for life in Canada..
